The winning teams of the first two meets face the opposite losing teams, with the final meets being between the two opening winners and the two opening losing teams. The upper seeded teams in all matches wear red.
6. **SCHEDULED WEIGH-INS AND PHYSICALS:** Weigh-ins and physicals are conducted IAW current USA Wrestling Rules, and supervised by the Tournament Director. The host site will provide a medical doctor. All Service representatives must be in attendance.

**7. TIE BREAKER PROCEDURES:** If there is a tie in team points between any teams, the result of the team score of their dual meet against each other will determine the placing. If two or more teams have equal points at the end of all bouts in the competition, the winner is determined by adding dual meet points accumulated during the entire competition. If points scored in all dual meets are the same for two teams, then the higher finish will be determined by assessing the following: the most fall; most victories by superiority (6 point difference); the most victories of periods of superiority; then the addition of all technical points of each team's wrestlers. The team with the highest number of technical points will have the highest placing.
